Check out TITAS 2022 Personal Protective Equipment Online Show!

The 26th Taipei Innovative Textile Application Show (TITAS) will be back in-person and held at Taipei Nangang Exhibition Center Hall I from October 12th to 14th, 2022. TITAS 2022 will leverage the benefits of both an in-person and virtual event, as a hybrid exhibition which can reach a wider target market and business opportunities.

TITAS integrate 6 digital measures into physical fair:

• Physical and virtual reality exhibition hall to increase buyer's tradeshow experience.

• Physical and online one-on-one business meeting to boost business opportunity.

• OMO trend zone display featuring sustainable and innovative textiles.

• OMO stage event to increase exhibitors visibility.

• Online catalogue and 5 Online shows for 24/7 marketing and product exposure.

• Live streaming on selected exhibitors to keep up to date with the show highlights.

The 5 Online shows features themes of Personal Protective Equipment, Functional Applications, Sustainability, Smart Textiles & Intelligent Manufacturing and Trend Zone which will be launched in conjunction with the physical exhibition. The first online show "Personal Protective Equipment" will start on April 18th. The exhibits include textiles with antibacterial & antiviral function, medical masks & gloves, protective clothing, isolation gowns and other medical protective products. Textiles with high tenacity, chemical resistance, high temperature resistance, high antifouling, high protection properties or protective products like life jackets, bulletproof vests, etc. are also included in this theme.

To check out the "Personal Protective Equipment Online Show", please visit TITAS website (https://www.titas.tw/Catalog/en-us/Home) to view related product pictures and descriptions. If you are interested in being an exhibitor at the show, please feel free to contact us by email: titas@textiles.org.tw. We will be happy to provide you with more information.
